PRIYAMWADA PRIYA

Full Stack Developer

I am a skilled web developer with experience in HTML, CSS, JavaScript, and Bootstrap. I have completed several projects utilizing these skills to create user-friendly and visually appealing websites. I am inspired by the endless possibilities of web development and am always eager to learn and expand my knowledge in the field.

PROJECTS

1. Pathaan Movie Clone

- o This website was made as a clone website for Pathaan movie where all the information of movie was given and trailer of the movie was also shown.
- o Tools used were: HTML, CSS and JavaScript.
- o I made this project during January 2023 to February 2023.
- o Link: <https://priyam57.github.io/pathaan-2/>

2. Figma To Website.

- o In this website a Figma design was given and I made a website with all the details of the from figma.
- o Tools used were : HTML, CSS.
- o I made this project during the month of February 2023.
- o Link: <https://priyam57.github.io/figma/>

3. Login/Signup Page.

- o This website was made for the login page which can be used in any app or website.
- o Tools used were : HTML, CSS and Bootstrap.
- o This website was made during the month of January.
- o Link: <https://priyam57.github.io/signup-page/>

4. Digital clock.

- o I made this website as a practice for the real clock time.
- o Tools used were : HTML, CSS
- o This website was made during the month of February.
- o Link: <https://priyam57.github.io/digital-clock/>

5. Portfolio.
